

# SWEENEY AQUACULTURE FEEDERS

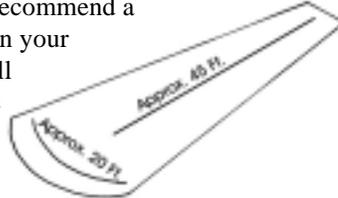

## DIRECTIONAL FISH FEEDERS

Sweeney Directional Feeders rest on the ground and deliver your feed over a wide, wedge shaped area. Feed is propelled forward and away from the Feeder... no feed drops to the ground on your pond bank or around the unit to attract varmints directly to the Feeder. Typical delivery patterns for floating fish feeds are 20 feet wide and 45 feet long (no wind). Distance may be somewhat less for lighter, smaller feeds. The AF1100 holds about 100 pounds of feed, the AF1300 approximately 300 pounds. We highly recommend a Solar Charger to maintain your battery at full charge. All Directional Feeders come ready for SX12 Solar Charger hook up.

• **AF1100** comes complete with the AFT3REV8 Digital Timer and a fresh BT1245 rechargeable 12 volt battery.

Model	Retail
AF1100	\$549.50
AF1300	\$729.95

• **AF1300** has a detachable module below the hopper for ease of maintenance and storage.  
 • Weight - 126 lbs. Ships in 3 boxes  
 • Includes Digital Timer, AFT3REV8 and a fresh BT1245 rechargeable 12 volt Battery.

## TOP OF THE LINE DIGITAL TIMERS - Proven Reliability

**Notice: These Timers are now proven to be 99.5% reliable after they are placed in use.**

The most important part of any Automatic Feeding System is the time switch or timer. Properly installed and maintained, a Sweeney Timer will give years of reliable, "On-Time, Every Time" service. They are built tough for use outdoors. The DFT3REV8 is Top Quality and full-featured for many types of feeding situations. The Solar Power and Battery Monitor features have become quite popular with many of our feeder customers. When feeding your fish, you can set up to 24 feeding periods, each with a different motor speed and duration if you like.

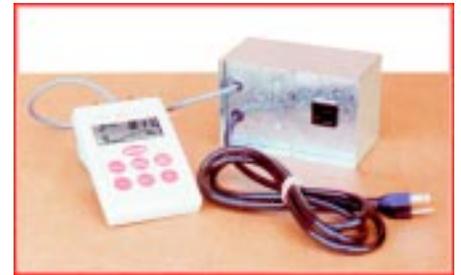

- Use either 6 or 12 volt battery
- Very low current drain (micro-amps)
- No internal battery
- EEPROM memory
- Easy to set and easy to operate
- Ideal for upgrading many older feeders

**Model DFT3REV8**  
**Retail Price \$149.50**

### TIMER AND AC BOX PACKAGE Model DFT3R8AC

Convert your AC power to DC with the AC117 Box and run your DFT3REV8 Digital Timer. Both are conveniently packaged together as the DFT3R8AC to offer an attractive combo price of \$179.50.

## ACCESSORIES & WARRANTY INFORMATION

### Power Supplies, Chargers, Batteries

#### Rechargeable Batteries

Model	Description	Retail	Model	Description	Retail
WS3	Winch Set w/ Cable	\$49.50	AC117 Box	Converts to AC	\$76.95
HB1	Hanging Bracket	\$54.95	SX12	12V Solar Charger	\$94.95
VG1	Varmint Guard	\$29.50	SX6	6V Solar Charger	\$79.50
ELS1	8 Ft. Extension Legs	\$59.50	SE 500	Automatic Charger	\$64.95
QP1	QuadPod Stand	\$289.95	S612	Manual Charger	\$19.50
THA	"T" Hitch Adapter, 2"	\$74.95	BT682	6V Rechargeable	\$26.50
TD1	Tripod (LJ1)	\$139.95	BT650L	6V Lantern	\$19.50
LJH1	Hanging Chain (LJ1)	\$12.50	BT1245	12V Rechargeable	\$29.50

### Installation Hardware

We offer a variety of stands, brackets, winch sets (including cable and blocks) to help you put your feeder in operation. Our Varmint Guards and Extension Legs are very popular.

### The Sweeney Promise (Warranty)

If you are not happy with any product, you may return it within 30 days of the date purchase for a complete refund. Proof of purchase required.

All products are guaranteed for 36 months against defects in materials or workmanship (12 months Commercial use).

For warranty service, call to obtain authorization to return the product. You will need proof of purchase (Sales Invoice) and must be willing to pay a minimum repair fee of \$15 if the fault is not ours.

# LITTLE JOHN KIT

## Model LJK1

The Little John Kit is perfect for folks who want a fully capable feeder using their own barrel or hopper. It has the same reliable LJ1 Timer and Little John motor as the Little John Feeder and features a

separate compartment for your battery and the timer. The top of the plastic funnel measures 15" in diameter, just right for a medium size plastic or metal hopper with a flat bottom.

<u>Model</u>	<u>Retail</u>	<u>Model</u>	<u>Retail</u>
LJK1	\$144.95	DFK21	\$256.95
LJ1	\$169.95	DFK15L	\$134.95
BT650L	\$19.50		

# CONVERTIBLE SCATTER FEEDER

## Model LJ1FD

Can be configured as a scatter or drop feeder

- Holds up to 100 lbs. of fish feed
- Operates on 6 volt heavy duty battery
- Feeds up to 24 times per day
- Removable basket holds DFT3REV8 Timer and battery

The LJ1FD Feeder is a high quality, affordable and versatile unit. It is ideal for a fish pond, tank or raceway. It is made of heavy duty polyethylene for maximum resistance to the elements and has a 3 year warranty (12 month warranty with commercial use). Inexpensive to ship, it weighs just 30 pounds.

# VIBRATORY FEEDERS

## Model AF7

(6 lb capacity)

## Model AF6

(2 lb capacity)

Both handle very small and moist fish feeds • Great for hatcheries, tanks and small ponds • Adjustable feed flow • Adjustable vibration intensity with BE227(ac) or SE70D(dc) (sold separately) • Controlled by DFT3REV8 or DFT3R8AC (sold separately) • Feed up to 24 times per day • Intervals between feedings as close as 1 minute apart • Duration of feeding cycles is adjustable between 1 and 99 seconds

<u>Model</u>	<u>Price</u>	<u>Model</u>	<u>Price</u>
AF6	\$59.50	BE227	\$19.50
AF7	\$119.95	DFT3REV8	\$149.50
SE70D	\$61.95	DFT3R8AC	\$179.50

# FULL SIZE SCATTER FEEDERS

The DF1 has been the sales leader of all feeders since it was introduced in the early 1970's. It features the DFT3REV8 Timer and heavy duty 22 gage galvanized steel. The powerful motor scatters feed up to 60 feet in diameter. Hopper holds up to 300 pounds of feed (DF1B is 650). Many accessories are available to fit your particular fish or game feeding needs and installation. For those folks wanting a reliable feeder with basic performance features, we sell Model DF2 at a very affordable price. It also holds 300 lbs. but has the LJ1 Timer and Little John motor. Use a 6 volt battery with the DF2 (not included).

<u>Model</u>	<u>Retail</u>	<u>Model</u>	<u>Retail</u>	<u>Model</u>	<u>Retail</u>
DF1	\$449.50	DF3R	\$299.95	DF4	\$249.50
DF3A12	\$359.95	DF2	\$329.50	EF2L	\$289.50
DF1B	\$769.95	DF3RM	\$199.95	EF2300L	\$339.50

Picture this one on a float

## Model DF1

# MINI SCATTER FEEDERS

Our finest Mini feeder, the AF3A performs like the AF1100 but holds less (70 pounds). Its powerful motor can scatter feed up to a 60 foot circle. Handles dry feed as small as #2 trout starter. Options include Solar Panel SX12 and Winch Set WS3. We also make a basic model - the DF4, It uses a 6 or 12 volt battery (not included). Sweeney

Model AF3A

Feeders are also great for pets, deer, wildlife, livestock, etc...
